 Select Get Local Gov Support > Municipal Statistics > EIT/PIT/LST Tax Registers

Capital Tax Collection Bureau
Certificate of Residence Form Instructions

Purpose

The Certificate of Residence will allow your employer to provide the tax bureau with the information required to distribute the local earned income tax withheld from your paycheck to the correct municipality and school district. You need to provide your employer with your **DOMICILE** address (i.e. permanent/principal physical address). This address may differ from your mailing address.

Determining your Domicile

Most individuals have just one principal place of residence and can easily determine their domicile by considering the following characteristics of one's domicile. A domicile is:

- A permanent home to which you have the intention of returning to when absent
- A voluntary fixed place of habitation that is not for a special or limited purpose
- A fixed place of habitation which you consider to be permanent rather than temporary

If you can determine your domicile using the above criteria, go to "Instructions" below. If not, read on.

Items to consider in determining the residence with the greatest connections would include where a person:

- Maintains a driver's license and vehicle registration
- Obtains a homestead or farmstead exemption on property
- Declares residency for licenses, income tax returns or school tuition
- Fulfills local tax obligations
- Registers to vote
- Spends the greatest amount of time
- Has doctors, lawyers and accountants
- Worships regularly
- Participates in social, fraternal or athletic organization

Your domicile does not change until you move to another location with the sincere intention of making your "new" permanent home there and abandoning your previous domicile. File a new certificate with your employer at the time this occurs.

Instructions

Instructions to Employees: Complete Sections 1,2,3 & 5 and return to your employer at time of employment or change of address and/or name. If the employee is not sure of his or her municipality or school district, they can go to the US census Bureau website and enter their street address to determine the correct information. Go to their website at <http://factfinder.census.gov> then click on the "Address Search" tab on the left side of the page. **Shaded area in Section 1 should be completed by your employer.**

Instructions to Employers: Complete Section 4 of this form and the shaded area of Section 1. If you have multiple work locations, be sure to indicate the local address where the employee in Section 1 works. You will need the information in Section 1 and Section 4 when completing your local withholding tax return (Form 511).

Determine the correct PSD Code and Withholding Rate for the employee's residence address in Section 1 and the PSD Code and Withholding Rate for the work location address in Section 4. Under Act 32 of 2008, you are required to withhold from the employee the higher of the Section 1 resident rate or the Section 4 non-resident rate.

Mail, fax or email to captax@captax.com a copy of the completed certificate of residence to Capital Tax Collection Bureau and keep a copy for your payroll/personnel records. You may send them in as they are completed or submit them along with your final tax return.
